

**Title:** Experienced Assistant Engineer

**Contact Name:** HR Manager

**Contact Email:** mail@pase.com

**Location of Role:** Milpitas, CA or Pleasanton, CA

**Position Details:**

Peoples Associates Structural Engineers is in its 27th year of structural engineering design and consulting. Last year, we opened a new office in Pleasanton, close to BART. Our projects are challenging and diverse, local, national and global. We are recognized experts in data center design and mixed-use housing, among others.

PASE is seeking junior engineers with 2 years experience to join our deep and stable engineering staff. If you are intelligent, diligent, and collaborative, and are looking for greater challenges in a better work environment, we want you to contact us.

Our engineers are technically strong, and thrive in a team-oriented environment in our Milpitas and Pleasanton offices.

**Requirements:**

- Bachelors degree
- Masters degree and Revit (BIM) experience are a significant plus

If you have the grades, the drive and proven record of accomplishment, please email your resume and cover letter.

**We are offering a full-time, salaried position, with full company benefits.**

All qualified applicants will receive consideration for employment without regard to race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex, or sexual orientation.
