

Title: Assistant Engineer

Contact Name: HR Manager

Contact Email: mail@pase.com

Location of Role: Milpitas, CA or Pleasanton, CA

Position Details:

Peoples Associates Structural Engineers is in its 27th year of structural engineering design and consulting. Last year, we opened a new office in Pleasanton, close to BART.

Recent or Pending Graduates—join a thriving mid-sized firm in challenging structural engineering projects, including mission critical, industrial, commercial, and residential. Our projects present unique opportunities, our team-oriented approach will hone your skills, and we will encourage your growth in this profession.

Our projects are challenging and diverse, local, national, and global. We are recognized experts in data center design and mixed-use, multifamily housing, among others.

Requirements:

- Bachelor's Degree
- Master's degree or Revit (BIM) experience is a significant plus.

If you have the grades, the drive and proven record of accomplishment, please email your resume.

This is a full-time, salaried position, with full company benefits.

All qualified applicants will receive consideration for employment without regard to race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex, or sexual orientation
